Family Support for Children  
with Disabilities (FSCD)

ΔΔΔ @inua counselling

Hi everyone!

I am a former medical mama myself and a long time member the Parents of Alberta Children's Hospital group on FB. I also volunteered at the Rotary Flames House for almost 10 years.

I am now a social worker in private practice specializing in caregiver support, grief, stress management, healthy boundaries, and all those other things that come with being a medical mama (or papa!).

I do not work with children, but for those of you that have counselling hours for YOURSELF (or another adult) included in your FSCD contract, I offer special FSCD pricing.

For more information, please email me at [support@inua.ca](mailto:support@inua.ca) or call 825-415-8192.
